**Subject:** Concern about Clear Cutting at Mapes Creek; Request of Public Hearing  
**Date:** Sunday, November 3, 2019 6:55:41 AM

---

CAUTION: External Email

I am concerned about the proposed clear cutting of a grove of trees for Project 3018093 at 9666 51st Avenue South. We are losing too much of our canopy for development. Particularly in south Seattle we seem to remain unheard. We are losing more and more of what makes this city great. This includes remaining a beautiful, green city. Please, let's keep our trees.

This area borders Kubota Gardens, another city treasure. It could adversely affect this area as a whole.

Please allow a public meeting to discuss land use and environmental issues regarding this project.

Thank you.

Margaret Vandenberg  
South Seattle Resident
